

Your project has met the NWE Monitoring committee's technical requirements. Lead and Project partners can now begin essential tasks to provide necessary information for payment of preparation costs and submission of initial partner reports.

This guidance applies to project partners only. Lead partners should refer to the dedicated guidance available on the [website](#).

Accessing your project on the NWE Joint Electronic Monitoring System (Jems)

Each user at partner level should create an account on Jems (jems.nweurope.eu) and be assigned to the project by the lead partner. Liaise with your lead partner/Project manager to obtain proper access rights.

Filling in the contracting section

After being granted access to the project, open the “Contracting” section in the left-side pane and expand the “Partner details” menu. In the list, click on your partner number / organisation. There are 3 paragraphs on this page:

- Ultimate Beneficial Owner
- Bank details
- Location of documents

These sections must be filled in before the first partner report is submitted.

Ultimate Beneficial Owner

Ultimate Beneficial Owner(s) should be filled in if the partner's legal status is private. The owners of the association, foundation or company should be listed there, with their tax identifier number.

The screenshot displays the Jems web application interface. On the left, a navigation menu is visible with 'Contracting' selected. Under 'Contracting', 'Partner details' is expanded, and 'PP2 Culture two' is selected. The main content area shows the 'Contracting' section for 'Partner specific section (PP2 Culture two)'. The 'Ultimate Beneficial Owner(s)' section is highlighted with a red box around the '+ Add beneficial owner' button, with an orange arrow pointing to the text 'For private partners'. Below this is the 'Bank details of partner' section, which includes 'Account details' (Holder of the account, Account number, IBAN, Swift/BIC code, Internal reference nr.) and 'Bank details' (Name of the bank).

Bank details

This is where the ERDF funds will be transferred to.

Filling in bank details for the lead partner is a must, but there is no obligation for the rest of the partnership.

If bank details are entered, it is necessary to upload in the attachments area (down the page), a valid document from the bank, or a signed letter-headed paper, with the following elements:

- Account holder
- Account number
- IBAN
- BIC/ Swift code
- Internal reference number
- Name of the bank
- Bank address

Location of documents

The Programme needs to know who to contact and where to go for accessing project documents (e.g., in case of an audit). Please fill in this section for your organisation.

A GBER section will also appear further down the page for the partners under a State Aid scheme, but no action needs to be taken there.

Task Assignment Document

Lead partners and project partners are strongly encouraged to use the NWE Programme template (available [here](#)).

The task assignment document should be established for each employee. It should be dated and signed by both the employer and the employee. It must indicate the date from which it is applicable.

Task assignment document

General information

Project title	
Project ID and acronym	
Name of project partner organisation	
Name of employee	
Task assignment applicable from (date)	
Task assignment version (number)	

With this task assignment, it is confirmed that [name employee] works on the above-mentioned project.

In case the employee is involved in other EU/publicly funded projects, it is ensured that there is no double financing, as not more than 100% of [name employee] working time will be reported.

[Name employee] carries out the following tasks in the frame of the implementation of the project:

- [specify task]
- [specify task]
- [...]

[Name employee] will dedicate [%] of his/her working time per month to carry out the tasks as described above.

Employer's signature

Date:

[name of employer]

Employee's signature

Date:

[name of employee]
