- Bring together and make available content, resources and background information on the relevant Programme priorities.
- Identifying project results and contributing to the Programme capitalisation strategy.
- Support community building activities between the NWE Programme, its beneficiaries and other relevant stakeholders.

2. Development and organisation of Interreg North-West Europe events

- Development and implementation of event concepts, formats and content, including publicity and promotion.
- Identifying and ensuring presence and visibility of the Interreg North-West Europe Programme at relevant external events.
- Support to Contact Points in the preparation, organisation and implementation of events in their respective countries / regions.

3. Contribution to the management of the Programme website, online presence and social media

- Design and update of the website's content and functionalities.
- Ensuring presence of the NWE Programme in social media (Twitter, LinkedIn and YouTube).
- Manage and support the further development of the NWE online community.
- Plan, prepare content and ensure dissemination of the NWE newsletter.

4. Development of other communication tools and documents

- Developing and drafting content and information material (digital and print) to promote the Programme.
- Participation in the development of new Interreg NWE communication tools depending on needs and opportunities.
- Managing the outsourcing of services in compliance with French public procurement rules and in close cooperation with the procurement officer at GEIE-GECOTTI PE.

5. Contribution to communication strategy planning and reporting

- Support to the elaboration and drafting of strategic texts and documents (annual work plan, evaluation reports, annual implementation report).
- Contribution to the preparation of relevant items for Monitoring Committee meetings.

Competences required

Knowledge

- 3 years of experience in communication, preferably in an international environment.
- Experience in organising events, in website management and use of social media.
- Knowledge of EU communication rules, the EU institutions and policies.
- Experience in communicating about EU-funded projects/programmes is an asset.
- General understanding of the Programme themes will be of added-value.

Skills

- Master's degree in any field of relevance to the above tasks (communication, journalism etc.) or equivalent experience.
- High level of proficiency and fluency in English and at least one other North-West European language (French, Dutch, German).
- Excellent communication and drafting skills, capacity to convey information in an informative, accurate and appealing way, good 'story-teller'.
- Strong interpersonal skills and ability to work with third parties to complete projects in time, to brief and on budget.
- Excellent computer literacy: website, social media and Office.
- Experience with Content Management Systems would be an asset (Odoo, Umbraco).

Attitude

- Service/client oriented, hands-on mentality.
- Taking initiative specifically in challenging situations, solution-oriented.
- Committed, has integrity.
- Team spirit and loyalty to other colleagues whilst maintaining high performance.
- Flexible approach to work; willingness to travel and work irregular hours.
- Ever curious and eager to further familiarize with the broad scale of NWE Programme themes.

The Interreg North-West Europe Programme

Interreg North-West Europe is a European Territorial Cooperation Programme funded by the European Commission with the ambition to promote a green, smart and just transition for all NWE territories with the aim to support a balanced development and make all regions more resilient.

For the 2021-2027 programming period, it invests more than € 310 million of European Regional Development Fund (ERDF) in activities based on the cooperation of organisations from the following countries: Belgium, France, Germany, Ireland, Luxembourg, The Netherlands and Switzerland.

The main areas of intervention for the Programme concern sustainable, smart and inclusive growth through the priorities Climate and environment / Energy transition / Circular economy / Innovation and resilience / Inclusive society.

The 2014-2020 Programme (which includes the UK) is steadily moving towards closure of project activities by the end of 2023, but is bound to keep delivering results and impact in the coming years. This Programme has been focused on smart and sustainable growth through the priorities Innovation / Low carbon / Resource and materials efficiency.

The North-West of Europe area is considered as one of the most dynamic and prosperous areas of Europe, but it also faces a number of environmental, social and economic needs and challenges. This is why the Programme supports cooperation across borders and funds projects involving partners from at least three different countries with a joint approach to tackle common issues.

The role of the Joint Secretariat / Contact Point network

The Managing Authority (MA) of the Interreg North-West Europe Programme is the Hauts-de-France Region Council based in Lille (France).

The Managing Authority has created an international legal body, called GEIE GECOTTI-PE, to host in Lille three Interreg Programmes (Interreg North-West Europe, Interreg Europe, Interreg 2 Seas) and the European Urban Initiative (previously Urban Innovative Actions Initiative). This body is the legal employer, under private law, of the members of the Joint Secretariat staff.

The Joint Secretariat (JS) based in Lille assists the Managing Authority, the Audit Authority and the Monitoring Committee in the implementation of their tasks and responsibilities.

The Joint Secretariat provides most of the Managing Authority tasks to the Member States (MS) and the project partners. Their mission is therefore to deliver high quality, responsive and pro-active services to their main stakeholders: Managing Authority, Member States and project partners.

In short the Joint Secretariat's services include:

- High quality assistance to project partners: development (in close collaboration with the Contact Points) and implementation phases
- Preparation of selection of the best projects
- Monitoring of the high quality of the projects outputs
- Communicate on project results and impacts

Together with the Director, the total number of staff members in Lille currently includes 24 people. The total number of Contact Points is around 13 people.

The current JS architecture is separated in two units in Lille and one unit spread over the participating countries:

- The **Project Unit** dealing with project development, assessment and implementation,
- The **Programme & Support Unit** dealing with governance, finance, audit, risk, evaluation, IT, HR and all administrative matters,
- The **Development and Communication Unit**, dealing with Programme and project development, communication and capitalisation.
